"We Outmeasure the Competition"

US-BC8020 "BIG BLUE" CATTLE SCALE

USA Measurements "Big Blue" livestock scale for weighing large animals. Any farmer, livestock owner, or 4H group understands how important it is to weigh animals. We need to track feed, check the animals weight gain, induce medicine, and weigh the animals prior to taking it to market. Our US-BC8020 is designed for these specific animals: cattle, bulls, horses, steers, cows, and more.

The US-BC8020 is designed differently than any other scale on the market. It's completely wash down safe. Almost all the scales sold online are not safe for washing or cleaning. That is why this scale is your best option to use with animals. The "Big Blue" load cells are installed on top of the scale making it different than any other product on the market. Unlike many other livestock scales. This scale does not sacrifice quality. The scale is built with over 300 lb of steel. This provides a reliable, durable, and precise scale for years to come. The thick steel protects against impacts, heavy use, and day to day operations.

FEATURES:

- Industrial Caged System
- Diamond Plated Steel Deck
- Green LED Display
- Low profile Design with Adjustable Feet
- 3,000 lb x 1 lb Scale Capacity
- 80″ x 20″ Platform Size (80″ overall Length)
- Stainless Steel Junction Box
- US-731S Stainless Steel Indicator
- Indicator Operates on AC Power Adapter
- Indicator has Rechargeable Battery
- Outdoor Rated & Washdown Safe
- 5 year Warranty on Steel Frame
- 2 Year Warranty on Electronics
- Non-NTEP (Not legal for trade)

US-731S INDICATOR FEATURES:

- LED Green Display
- 1" Digit Size
- Zero, Tare, Function
- Units: LB or KG
- 4V Lithium Battery
- 40 Hour Battery Life
- 110V Power Adapter
- Animal Scale Function
- Check weigh (Hi/Ok/Lo)
- RS-232 Output
- Powers (4) 350 ohm Load Cells
- Dimensions: 9.5″x4.9″x2.5″
- US-731 Indicator Manual
