US-iW "iWASH" BENCH SCALE NTEP (LEGAL FOR TRADE)

USA Measurements "iWash" platform scales are NTEP approved (Legal for trade) for buying or selling based on weight. The US-iWash series is stainless steel and great for wash down applications. Great for use in recycling, seafood, outdoor use, spills, wash down applications, and for customers requiring a quality scale for years to come.

US-iW

| MODEL NUMBER | CAPACITY | PLATFORM SIZE |
|--------------|-------------------|---------------|
| US-i1214W | 100 lb x 0.02 lb | 12"x14" |
| US-i1620W | 200 lb x 0.05 lb | 16"x20" |
| US-i2424W | 1,000 lb x 0.2 lb | 24"x24" |

The US-iWash series is built with a robust stainless steel frame, stainless steel column, and large stainless steel LCD indicator. Traditional bench scales are built with aluminum causing them to rust and to be easily damaged or not holding its calibration. Our "iWash" platform scale are designed with a robust steel frame, steel column, and steel indicator. This gives our scale protection against impacts, vibrations, day to day use, and holding its calibration for a long period of time. On top of that the scale is designed with a 100% overload protection, adjustable leveling feet, and a NTEP approved.
